NATIONAL ENGINEERING MANUAL (SECOND ED.)
210-V-AMENDMENT AL53

SUBJECT: ENG - PART 503 - SAFETY and 542 - SPECIFICATIONS

Purpose: To update GENERAL section, Part 503 - SAFETY, Subpart D - Dam Safety, Interim assistance, and SUPPORT section, Part 542 - SPECIFICATIONS, Subpart C - Exhibit, Subchapter E - Support Operations.

Effective Date: This supplement is effective upon receipt.

Explanation of Supplement.

AL503.59(d)- Alabama NRCS Dam Safety 5-Year Inspections Schedule

Updated distribution of O&M and 5-year inspection reports (AL-ENG-24 - Inspection of Watershed Dams) to include Watershed Structure Improvement coordinator at the Coosa Valley RC&D office.

AL542.40 - List of Reference Specifications

To issue the most current ASTM Standards Index for Field and Project Construction Activities in Section AL542.40 - List of Reference Specifications.

If you need the entire ASTM, contact Mac Nelson at 334-887-4555 or email marshall.nelson@al.usda.gov.

Replace:

Part AL503.59 (d), Pages AL503-12(2 and 11-14) dated April 2001 with pages dated October 2002.
Part 542.40, Pages AL542-6(1 thru 12) dated January 2000 with pages dated October 2002.

This amendment cancels Amend. AL45, January 2002 and AL52, April 2001. Mark through these amendments on the tabulation sheet.
